

## Project Update

- The Final Design Study Memo is available on the project website.
- Starting in late October 2024, One Stop Services will survey the sanitary sewer services of several properties on the north side of Tasha Drive. Only properties with signed Right of Entry Permits will be surveyed.
- The preliminary design (65%) is scheduled to be completed by December 2024, with final documents ready by Spring 2025.

The Municipality of Anchorage Project Management & Engineering Department (MOA PM&E) is planning to reconstruct Tasha Drive (from Flamingo Drive to Northwood Street) to meet current MOA design criteria for a local roadway.

### Improvements will include:

- New road foundation
- Continuous storm drain system
- New asphalt pavement
- Improved street lighting
- New curb & gutter

The MOA has contracted with CRW Engineering Group, Inc. (CRW) to provide engineering services. The project is funded through the design phase using local road bonds. Construction has not yet been funded.
